

RRC- Hospital Visit

On 28.12.11 a team of 30 RRC members along with a coordinator and a staff went to the Government Hospital, Rasipuram.

They met Mrs. Suganthi, the counselor of ICTC. Mrs Suganthi gave an awareness of the widespread of HIV and its ill-effects on human body. She also advocated to the students, through counseling, the various means to combat the spread of the disease. She listed out a few preventive measures too.

Mrs. Revathi, the lab technician explained to the students the various HIV tests and also pointed out that every pregnant woman should take adequate care during pregnancy. She also informed the students to make use of the free medicines available at various testing centers.

Finally, the doubts of the students were cleared by the counselor.
